

ADM Names New President of Golden Peanut and Tree Nuts

ALPHARETTA, Georgia, Sept. 13, 2018—Archer Daniels Midland Company (NYSE: ADM) today announced that Clint Piper has been named president, Golden Peanut and Tree Nuts.

“Clint’s background and experience will serve him and the team well as they work to grow our Golden Peanut and Tree Nuts business,” said Greg Morris, ADM senior vice president and president, Oilseeds. “He’ll be leading a great team, one that is passionate about their business, and committed to its continued success. I’m excited to see the results as they work together to enhance efficiencies, accelerate growth and expand opportunities in the years to come.”

Piper joined ADM in 2007, and has served in multiple leadership roles, including commercial management positions in Valdosta, Georgia, and Kershaw, South Carolina. Most recently, he was general manager, North American Cotton and Canola Risk Management. Piper holds an MBA from Millikin University in Decatur, Illinois, and a bachelor’s in business administration and management from the University of Nebraska-Lincoln.

About Golden Peanut and Tree Nuts

Golden Peanut and Tree Nuts, a wholly owned subsidiary of Archer Daniels Midland Company, is a leading handler and processor of peanuts and tree nuts. Headquartered in Alpharetta, Georgia, the company has 13 processing facilities in the U.S. and one in Argentina. In South Africa, Golden is the majority owner of peanut processing plants in Hartswater, Hoopstad and Jan Kempdorp, and is 51 percent owner of pecan processor and marketer GPC Pecan S.A.

About ADM

For more than a century, the people of Archer Daniels Midland Company (NYSE: ADM) have transformed crops into products that serve the vital needs of a growing world. Today, we’re one of the world’s largest agricultural processors and food ingredient providers, with approximately 31,000 employees serving customers in more than 170 countries. With a global value chain that includes approximately 500 crop procurement locations, 270 ingredient manufacturing facilities, 44 innovation centers and the world’s premier crop transportation network, we connect the harvest to the home, making products for food, animal feed, industrial and energy uses.
